EXPERIENCE

- **MerXpress Mall Limited | Frontend Developer & Team Leader LUSAKA ZAMBIA | Dec 2023 – Present**
As MerXpress Mall Limited's Frontend Team Leader in Lusaka since Dec 2023, I lead the frontend team, manage page collection, and ensure seamless project execution. My role includes maintaining frontend elements, addressing issues, and implementing enhancements for optimal performance. Prioritizing quality control, I uphold design standards and strive to align projects with industry trends. Committed to delivering high-quality web experiences, I emphasize effective team management and continuous improvement in frontend development.
- **Shiash Info Solution Pvt.Ltd | Web Developer(Remote , Internship) Chennai, India | Mar 2023 - May 2023**
During my internship, I honed expertise in HTML, CSS, JS, ReactJs, Bootstrap, and MySQL, actively contributing to real-world projects. This experience enhanced my problem-solving and collaborative skills, showcasing adaptability and a strong work ethic. It laid a solid foundation for a promising web development career, providing valuable insights into the professional work environment. Eager to apply my skills to future challenges in the dynamic tech landscape.
- **Joy Technology | Digital Marketing(Remote , Internship) Chennai, India | Feb 2023 - Sep 2023**
During my tenure at Joy Technology, I had the privilege of working in a dynamic and fast-paced digital marketing role. My responsibilities encompassed market research, campaign launches, and data verification. This experience allowed me to grow both professionally and personally, contributing to the company's digital success.
